NEW
Dispense Head for KeyKeg

MICRO MATIC

DEDICATED TO
DRAFT QUALITY

DISPENSE HEAD FOR KEYKEG WITH **INNOVATIVE DEGASSING FEATURE**

Micro Matic has developed a new dispense head for KeyKeg one-way kegs which makes it even safer, easier and more convenient to use.

- **Convenient** to use, integrated degassing function
- **Safe** to use due to the integrated PRV function (at 4.1 bar/60 PSI)
- **Easy** to use, degassing takes only 10 sec.
- **Hygienic**, no beer splash
- **No special tool** needed anymore for degassing

Ready to use

Turn the knob to degass
