Traffic Light (0427)

Green-Amber-Red light and horn for LogiCO2 Safety Systems, incl 1m cable

FUNCTION

Traffic Light is a combined horn and green-amber-red light for LogiCO2 Safety Systems.

When the system is operating, green light is constantly on. When alarm level 1 is reached, amber light is blinking. When alarm level 2 is reached, red light is blinking and the horn is sounding.

TECHNICAL DATA

Power supply:	24V DC +/- 5%
Power consumption:	372 mA peak, 69 mA average @ 24V DC supply
Flash energy:	5 Joule
Flash frequency:	50-90/min
Ambient temperature:	-20°C to 70°C (-4°F to 158°F)
Segment:	3 LED lights
LED color:	Green, amber, red
Dimensions:	Ø 52 mm x height 358 mm / Ø 2'' x height 14''
Ingress protection:	IP50
